1. CIC has asked CLS to determine if we still have an interest in Subject, born 15 February 1914 in Hagteburg.

2. References constitute the only information in CLS files on an individual by this name, whom CLS assumes is identical to Subject. References give little information on HOENER beyond indicating he disappeared and was presumably kidnapped in Berlin in 1953.

3. CIC apparently has some recent information on Subject which they will pass upon indication of our interest. While CLS is certain from references that we are interested, CLS would appreciate - for its own information, if not for release to CIC - a brief summary of the background of the HOENER case. Advise.
